Weather Key Points

Regional Operations Center

Western Region

Wednesday, October 5

- Dry and warm conditions will continue through Friday, with low to locally moderate heat risk concerns developing into mid-to-late week as afternoon temperatures warm 10-15 degrees above normal for many areas
- Fire weather conditions will remain locally elevated across the southern California mountains over the next 7 days as winds remain breezy for the afternoon hours. Critical fire weather conditions are not expected.
- Isolated showers and thunderstorms are expected across the southern mountains Saturday through Monday, with a few storms also possible over the southern Sierra

Precipitation Forecast

Regional Operations Center

Western Region

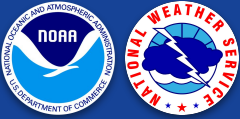

Wednesday, October 5

No precipitation is forecast through Friday

Important Note: Forecast precipitation amounts are an average for any particular location. Thunderstorms will produce locally much higher rainfall amounts.

Precipitation (inches)

Weather Outlook (6-14 Days)

Regional Operations Center

Western Region

Wednesday, October 5

6-10 Day Outlook (October 10 – October 14)
